Preface

Since its birth on 4th January 1972, Bangladesh Airlines Training Center (BATC) has been providing all kind of training to keep the national flag carrier airborne. Six faculties namely Operations Technical, Management Development, Customer Service, Marketing & Sales and Aerospace & Avionics Engineering, carry out all required training.

The 2026 Annual Training Calendar of Bangladesh Airlines Training Center (BATC) is appended in this booklet after consultation among Deputy General Managers / Managers of BATC and user departments concerned. BATC shoulders the responsibility of training of all employees of Biman Bangladesh Airlines.

EASA (European Union Aviation Safety Agency), IOSA (IATA Operational Safety Audit) and IATA's Safety Audit for Ground Operations (ISAGO) mandated training requirements have been incorporated to ensure compliance. BATC also facilitates government required public interest training like PPR, GRS, APA, NIS, Innovation, Office Management etc. On commercial basis, BATC train personnel of other airlines, defense personnel, travel agency, freight forwarders. Additional courses as required by the user departments can also be arranged by BATC.

BATC is a CAAB approved ANO (AW) Part 147 training organization since 26th April 2015. Moreover, Engineering (Aerospace and Avionics) Faculties of BATC are approved by European Union Aviation Safety Agency (EASA) as EASA Part 147 Approved Maintenance Training Organization since 28th February 2012. In accordance with the scope of CAAB and EASA Part 147 approval, Engineering Faculties of BATC can conduct basic B1.1 and B2 courses and CAAB & EASA Part 66 Licensing Examinations for applicable modules. The ongoing and upcoming B1.1 & B2 courses have been shown in this booklet. The schedule of the Licensing Examinations on CAAB and EASA Part 66 are also included in the schedule.

Co-operation and participation from all stakeholders are solicited to develop efficient human resources of Biman Bangladesh Airlines.

Operations Technical Faculty

Operations Technical Faculty of BATC conducts training courses for Pilots, Flight Operations Officers and other personnel of Flight Operations Directorate. These training courses are divided in two phases. In one phase, there are basic courses like Cadet Pilots Aircraft General course/ FOO basic course/ Airline Transport Pilots License course / Flight Operations Officers License course which consist of core subjects of commercial aircraft operations. In the other phase, there are aircraft Type courses like B787/B777/ B737/ Dash8Q-400 Pilots Type Technical course and SEEP course. Different Cockpit Crew Type Technical Refresher and SEEP Refresher courses are also conducted at regular intervals as regulatory requirements. Other short courses like IFS, DGR, SMS etc. are conducted for cockpit crew and other operations personnel as per ICAO/CAAB/BIMAN/IOSA requirements.

All these training courses are conducted by the Instructors of Operations Technical who are highly skilled with appropriate training to meet international standard. They hold Instructors Approval from CAAB as per CAAB ANO1-GAZETTE Annexure 12 and CAAB circular no. CAAB/52/01/73/FI(V-14)/699. Operations Technical BATC are contributing continuously in developing skilled Flight Operations manpower for the Airlines.

CUSTOMER SERVICE FACULTY

Ground Service

Training programs keep our workforce and organisation competent according to aviation requirements. The course contents are relevant and designed according to ground handling job functions.

Training programs are designed to be in line with IATA's Safety Audit for Ground Operations (ISAGO) and IATA Operational Safety Audit (IOSA) which is applicable to all ground handling companies and Airlines worldwide. The complete training records are a must, and are provided in accordance with global privacy policies. Relevant and timely *training* in *ground handling* is critical to ensure employees skills and competencies

Flight Service

Safety is the primary purpose of a flight attendant. For a safe and pleasant in-flight, all the mandatory courses are offered in flight service department.

MARKETING & SALES FACULTY

The Marketing and Sales Faculty at the Bangladesh Airlines Training Center (BATC) plays a pivotal role in the development and training of passenger sales and cargo sales personnel at Biman Bangladesh Airlines. This faculty is responsible for equipping the airline's workforce with the necessary skills and knowledge to meet a wide array of compliance requirements and enhance their proficiency in various aspects of aviation sales. Through its rigorous training programs and emphasis on both skill development and compliance, the faculty ensures that Biman's passenger and cargo sales personnel are always prepared to meet the challenges of the dynamic aviation industry. The faculty designs and conducts comprehensive training programs for Biman's passenger sales personnel. This includes familiarizing them with the airline's offerings, reservation systems, and ticketing procedures.

In addition to passenger services, the faculty is also responsible for training cargo sales personnel. This involves imparting knowledge on cargo operations, logistics, pricing strategies, and regulations pertaining to the safe and efficient transport of goods.

A critical function of the Marketing and Sales Faculty is ensuring that all sales and cargo personnel are trained in line with local and international aviation laws and compliance regulations. This includes awareness of regulatory requirements from agencies such as the International Air Transport Association (IATA), the International Civil Aviation Organization (ICAO), and other relevant bodies including CAAB. This training is key to driving the airline's success in both local and international markets, helping to build a strong, customer-centric sales team.
